

EVERY 
TELLS A STORY,
and every leaf
begins the story.

Have you ever wondered how it all begins? How that smoldering cigar between your fingers actually came to be? How that wonderful aroma matches the flavors and strength as you enjoy each puff? How that same Rocky Patel cigar burns so evenly and draws so smoothly each and every time?

This is your opportunity to find out. We personally invite you to visit our cigar manufacturing facilities and broaden your knowledge and appreciation for premium hand rolled cigars.

See for yourself. Make Rocky Patel part of your story.

Premium Cigars

Factory Tour

From beautiful tobacco farms to bountiful aging rooms, experience the grandeur of premium cigar creation at the source. Welcome to Rocky Patel's operations in Honduras & Nicaragua.

A journey you'll never forget!

Your Cigar Journey Begins

Your flight will arrive in Tegucigalpa, the capital of Honduras, where you'll clear customs and be greeted by a member of our tour staff. From there, you'll jump onto our cigar-friendly tour bus for the hour-plus drive to Danlí, but don't fret – we always have a variety of fresh cigars, cold beer and chilled water at the ready!

Day 1

Following your arrival at Rocky's house, you'll enjoy a poolside reception featuring an authentic homecooked dinner, the first of many meals prepared by our in-house chef. You'll have the evening to unwind from your travels while enjoying Flor de Caña rum and a variety of fine RP cigars. The night is yours.

Day 2

After a hearty breakfast, your tour bus will depart at 8am and take you on an expedition to the tobacco fields where you'll have the chance to walk through the soft soil and feel the gummy-textured tobacco leaves. You'll then move on to the nurseries, where the process all begins with the nurturing of tiny seedlings that you'll be able to cup in your hand. From there, it's off to the box factory to witness the handmade creation of every single cigar box.

After lunch, you'll spend a good amount of time touring the inner workings of the mammoth El Paraiso factory, where you'll have the opportunity to blend your own cigar!

Day 3

Today, you'll take a road trip to Esteli, Nicaragua, and visit Rocky's boutique factory called TaviCusa. You'll witness all the buzzing in-house work accomplished within a diminutive showroom setting. You'll witness the differences in production and rolling styles between the Honduran and Nicaraguan factories, yet each facility creates its own unique identity for every Rocky Patel cigar brand.

Upon your return to Rocky's house in Danlí, you'll party the final night away as we host a Farewell Gala featuring live music, dancing, festivities, food rum, and of course, cigars!

What to Bring

- Pack comfortable, casual clothing along with an extra bath towel and earplugs.
- Bring a minimum of \$100 for light spending money.
- Bring an appetite for fine cigars and an open mind for industry knowledge!
